Connersville IN 47362

We are formally extending this welcome to you as a prospective student to our new education department. We are excited about this new opportunity and expect to offer a great program for the paramedic candidate. We are in the process currently of extending our clinical sites as well as an entire restructuring of our department. ***We offer more than just the minimum requirements, your training will include (but certainly not be limited to):***

- Anatomy & Physiology
- Arrhythmia Recognition
- *12 Lead ECG Interpretation- NEW Curriculum!*
- Pharmacology
- Endotracheal Intubation
- Advanced Patient Assessment
- Clinical Decision Making- Trauma Management
- IV Insertion and Maintenance, Easy IO
- Advanced Airway Management
- OB/GYN Emergencies
- Tactical EMS Response
- ACLS & PEPP & PHTLS Certifications
- Stress Management
- Toxicology
- Rescue Management

As a “new” EMS education facility we have a lot to prove and we intend to offer an outstanding course. Unforgettable! Call for further details!
